

Diploma in Restoration of Historic Ships and Boats

2024/25

Supported by

Turn to the Distance Learning Experts

Why choose Maritime Training Academy?

The Distance Learning Experts

Since its formation Maritime Training Academy has been successfully providing specialist, expert training to marine professionals around the globe.

In recent years the Academy has significantly grown, offering an ever expanding training portfolio across several sectors of the maritime industry, from Superyachts to Shipping and Marine Surveying.

Delivered by distance learning our courses are managed and run by established professionals within the maritime industry. We are constantly pushing back the boundaries of knowledge with discoveries that are benefiting the industry.

Due to our rigorous academic standards our qualifications are highly respected internationally.

Outstanding Teaching

Our study material is written by industry experts who are actively working in their specialist fields. We provide outstanding teaching as a result of extensive research and close links within the maritime industry. Our tutors are practising professionals with strong academic and industry backgrounds, with sector-specific skills and practical experience.

World Class Learning

The inspiring thing about studying with us is not just what you learn but how you learn. We have taken flexible learning to a whole new level. We will connect you with the things that inspire you, wherever you are and wherever you come from. Providing high quality distance learning enables you to learn in your own time, at home, on board or wherever you choose. We are not campus based – reading material is supplied for assignments with regular support from your tutor. We will challenge you, inspire you, stretch your understanding and make you question ideas that you have always taken for granted – it is truly world class learning.

Excellent Support and Guidance

You will enjoy full support throughout your studies with module tutors to guide, advise and offer comprehensive feedback on your course work. Support is offered by MTA staff and fellow students at tutorials, or as part of the global community of students who can be reached through online student forums and social media sites.

International Recognition

Our long established distance learning courses are endorsed by industry associations and our Diplomas are also recognised by the University of Portsmouth.

Course Director

Ian Biles

Managing Director at
Maritime Services International

Ian has led Maritime Services International to become one of the world's leading surveying companies. Ian's qualifications include: Master Mariner, RYA Yachtmaster Ocean, Naval Architect (BEng Ship Science) and Business Management (MA Business Management).

Ian started sailing with his father at the age of 12 and as a result went to sea upon finishing school. He sailed worldwide for 13 years on a range of commercial ships and spent his leave sailing yachts around the UK and in the Mediterranean.

During his career he has worked on the Cutty Sark, Discovery, Chauncy Maples, Robin and was the lead consultant on the restoration of the Yavari on Lake Titicaca in Peru.

Restoration of Historic Ships and Boats

Our Diploma in Restoration of Historic Ships and Boats allows you to develop specialist knowledge and enhance your career opportunities.

About the Course

The dream of many with an interest in boats/ships and sea is to help to restore a fine old lady of the sea back to her original state and see the vessel as she was originally intended.

This course will help to bring that dream to fruition and allow you to take the steps required to fulfil your own vision with clear and easy to follow guidelines, and also help you towards a fuller understanding of the whole process. It will further your knowledge on Ship/Boat restoration, conservation and on what type of ships/boats to try and restore. It is not intended to be the ultimate in ship/boat restoration and conservation, rather an overall guide to what steps you should be able to take to achieve your quest of saving that old ship/ boat from the scrapheap.

Detailed information on module content is available at maritimetrainingacademy.com

Course Structure

The course consists of 10 modules. All students are required to successfully complete and pass the module assignments. Diploma students will also be required to sit and pass a final examination.

Who is the Course Suitable for?

For those who have a great interest to anyone who has ever thought about restoring that old vessel they pass every day. It can help anyone who is taking part in any kind of Marine Engineering or Boatbuilding Apprenticeship. Anyone with an interest in old ships, sail, steam or diesel, experienced or amateur alike, will help with maritime history/research. Anyone who is taking part in any kind of Marine Engineering or Boatbuilding Apprenticeship. Looking to get into this growing field of restoration/preservation, this course will help guide you.

If you have a general interest in restoring old ships/boats or already have experience of building such, this course will add to your understanding and may help you participate in the restoration of old vessels.

How to Enrol

Register as early as you can for a 1st October 2024 start. The registration period will be kept open until the 31st March 2025. Students can start from the point of enrolment after the 1st October 2024.

Complete the application form and send with your payment to enrol for the course to:
MTA, Peel House, Upper South View, Farnham, Surrey, GU9 7JN, England.

This covers the 11 modules as pdfs, student assignment marking, examination costs and the issuing of a Diploma.

Online Examination - £100

If students choose to sit their final examination online instead of at an approved venue they will need either a laptop or desktop computer with reliable, fixed line internet connection, working microphone and camera.

Certificate - £2,150.00

This includes the 11 modules as pdfs and marking of the student assignments.

Individual Modules

£250 - Module content only.

£400 - Module content, assessment and certification.

Printed Certificate - £50

Course Syllabus*

Restoration of Historic Ships and Boats

» Deciding on a Vessel to Restore

- Assessing your needs and aspirations
- Dreams to reality
- Building and finding the right team
- Project research
- Evaluation of the potential project
- Acquisition of the vessel
- What skills are required
- Types of Historic Vessels
- Historic Ships Registers and the politics of funding for ship preservation

» Support & Finance

- Where/when to restore
- Developing a plan for Restoration/Conservation
- Budgeting and costs
- Sourcing Funding
- Project management
- Sourcing original or replica parts
- Could a replica vessel be the better option
- Marketing your project/public interest
- Case Study HMS WARRIOR

» Managing the Process

- "SOLAS" Requirements
- Location of vessel/Stability
- Legal requirements
- VAT/Charitable Status
- Condition survey on older vessels
- Reaching a decision on Conservation or Restoration
- Conservation of the vessel while work in progress
- Case Study SCOT II

» Preservation or Restoration/Rebuild

- Will she be preserved or restored
- Reconstruction techniques
- Reconstruction-Riveted Ships/Boats
- Reconstruction-Wooden Ships/Boats
- Adaptation for different use
- Sails/Rig types
- Assessing the historical importance of the vessel
- Common ship/boatbuilding terms
- Case Study SS GREAT BRITAIN

» Mechanical Systems/Steam or Diesel

- Propulsion – engines/stern gear/rudders
- Conforming to SOLAS/Class regulations
- Modern systems required
- Layout design/steam and or diesel
- Safety equipment required/Nav aids
- Health & Safety during Fit-Out
- Electrical systems/fire systems
- Painting/finishing

» Keeping the Project Going

- New versus old in the build
- How much can be reused
- What if?
- Finding & Keeping Volunteers
- Skills required from volunteers
- Fund raising campaigns
- Press & Media
- Still to decide

» **Providing Outcomes for Employment/Training Opportunities**

- Knowledge not passed on is just lost
- Main benefits of the project
- Can it provide jobs/training opportunities
- Health & Safety for apprentices and the public
- Skills required for training apprentices and such
- Possible community based benefits
- Possible Commercial benefits
- Challenges of a volunteer workforce

» **The Restoration Project**

- History/Background
- Construction techniques
- Designers/old ships plans
- How much original to keep/compromise
- Health & Safety
- Re-designs what is required
- Who can help and where to find them
- Sub-Contracting/Tools/Machinery/required
- Case Study MEDWAY QUEEN

» **Use of the Vessel Once Complete**

- Launching/sea trials
- Who is to benefit from the completed vessel
- Museum Vessel?
- Working Vessel?
- Static Display Vessel?
- Training Vessel?
- Commercial/business use Vessel
- Business case for future care and maintenance of the Vessel

» **Future Upkeep**

- Maintenance
- Future funding requirements
- Added value to Maritime History
- Surveys required
- Who is to look after the vessel once completed
- Who will own the vessel and look after the upkeep
- How to thank Volunteers and Benefactors
- Long term sustainability
- Case studies CANGARDA, HMS TRINCOMALEE, other notable vessels

*Material is constantly updated which may affect the order in which modules are released.

Short Courses

Terms and Conditions

The Course

Teaching Method: Our courses are delivered by distance learning, unless otherwise stated.

Course Duration: Commencing October 2024 you have a maximum of 18 months from the course start date to complete the modules and sit the exam.

Course Material

Course Language: Our courses are conducted entirely in English, in verbal and written format.

Delivery of Modules: Available online via your secure student login.

Every effort will be made by the organisers to upload the modules monthly but due to unforeseen circumstances they cannot be held liable for any delays.

Presentation: The modules provide the basic knowledge for the whole course. Each module is designed to be self-contained. However, we highly recommend that candidates make every effort to increase their knowledge by reference to other sources.

Recommended Reading: A reading list will be provided where applicable.

Access: You agree not to access the Course Material for any reason other than for your personal use and solely for the purpose of study. You agree not to distribute any part or parts of the Course Material in any medium without MTA's prior written authorisation.

Access to the course material will be given on receipt of payment. Any outstanding fees will also become payable on accessing the material.

Student Assignments

Student Assignments: One included with each module. They are a compulsory element of the course and must be completed six weeks prior to the exam.

Self-Assessed Questions: Some modules contain self-assessment questions designed to help candidates consolidate their knowledge.

Studying Time: We recommend 10 to 30 hours study time per module, with additional time being set aside for completing the student assignments.

Tutor Support

Tutorials: Students can choose to participate in a tutorial which will be held before the Diploma exam in **October 2025** and **April 2025**. It is not compulsory but is beneficial and an excellent opportunity to meet fellow students, the Course Director, authors and tutors.

Tutors & Authors: To support you during your studies, tutors and authors are available to help with any questions or technical queries by e-mail and student forums.

Administration

For matters relating to enrolment, payment of fees, change of enrolment details, module mailings, please contact the Course Manager:

Tel: **+44 (0)1252 739779**

Email: **courses@maritimetrainingacademy.com**

Examination

Examinations will be held in **October 2025** and **April 2025**.

A 6 month extension is also available upon application.

Exam Length: Three hour written examination.

Sitting Overseas: Students must make their own arrangements to sit their examination at a suitable venue approved by the Course Administration Office at least 6 weeks prior to their examination date. Any expenses incurred will be to the students own account.

Certificate: Students who successfully complete the compulsory student assignments, but do not take the examination will receive a certificate.

The Marking Structure

Assignments: Constitute 27% of the final mark.

Examination: Constitutes 73% of the final mark.

Pass Mark: For the Diploma written examination is 75%. For the student assignments a minimum mark of 40% is required.

Course Fees

Certificate Fee: The basic course fee is **£2,150.00**. This includes the course modules as pdfs and marking of the student assignments.

Diploma Fee: For Diploma candidates the fee is **£2,950.00**. This covers the course modules as pdfs, student assignment marking, examination costs and the issuing of a Diploma.

Printed Modules Fee: In addition to the course PDF's, we also offer students the option of purchasing the modules in a hard copy format. Please note, this option is NOT mandatory in order to complete the course. The printed modules option is charged at an additional fee of £300.

Air Courier Fee: For an additional fee of £300. Recommended for candidates in areas experiencing problems with their postal system. Other overseas mail will be sent by airmail only.

Extension Fee: If you are unable to complete the course in the 18 months allocated from the start date, you can apply for a further 6 month extension for £250.

Re-Registration Fee: We offer re-registration onto the course for lapsed students at 50% of the course costs. You will have the opportunity to resubmit any student assignments or carry any existing marks forward into the new academic year to be counted towards your final exam results.

Resit exams: You are entitled to resit your exam once. Classroom resit fee of £250. Online resit fee of £350.

Not included in the fees: Any travel or food costs or accommodation if required. Any expenses which may be incurred in arranging a suitable examination venue.

Discounts: Available for group registrations. Please contact MTA for details. Tel: + **44 (0)1252 739779** or **courses@maritimetrainingacademy.com**

VAT: Will be added at the standard UK rate where applicable. Please contact us for details.

Reclaiming VAT: Companies outside the UK may be entitled to reclaim VAT and need to contact their local tax authorities.

Payment Plan

Please contact us to discuss if the course fees can be split into smaller instalments.

Payment Methods

Payment: Payment must be made upon application by bank transfer or credit card. Fees will be refunded in full should applications be declined.

Bank Transfer: MPI Group, National Westminster Bank, 19 Shaftsbury Avenue, London, W1A 4QQ, UK

Account Number: **06532381**

Sort Code: **56-00-29**

Credit Card: Payment can be made securely via the Sagepay link on the invoice or we can arrange for our accounts team to call to take payment by card.

Cancellation Policy

Cancellations can only be made in writing before the start date of the course. Course fees less an administrative charge of £500 will be refunded. After the start of a course the student becomes liable for all course fees due.

Course content is subject to change at the discretion of the Course Director.

Data Protection

We record your personal information when you contact us and use this to manage registration, study, examination and other services. When you register, we will tell you more about how we process and use your personal information.
