

Diploma in LNG Shipping

2025/26

Supported by

Turn to the Distance Learning Experts

Why Choose Maritime Training Academy?

The Distance Learning Experts

Since its formation Maritime Training Academy has been successfully providing specialist, expert training to marine professionals around the globe.

In recent years the Academy has significantly grown, offering an ever expanding training portfolio across several sectors of the maritime industry, from Superyachts to Shipping and Marine Surveying.

Delivered by distance learning our courses are managed and run by established professionals within the maritime industry. We are constantly pushing back the boundaries of knowledge with discoveries that are benefiting the industry.

Due to our rigorous academic standards, our qualifications are highly respected internationally.

Outstanding Teaching

Our study material is written by industry experts who are actively working in their specialist fields. We provide outstanding teaching as a result of extensive research and close links within the maritime industry. Our tutors are practising professionals with strong academic and industry backgrounds, with sector-specific skills and practical experience.

World-Class Learning

The inspiring thing about studying with us is not just what you learn but how you learn. We have taken flexible learning to a whole new level. We will connect you with the things that inspire you, wherever you are and wherever you come from. Providing high quality distance learning enables you to learn in your own time, at home, on board or wherever you choose. We are not campus based – reading material is supplied for assignments with regular support from your tutor. We will challenge you, inspire you, stretch your understanding and make you question ideas that you have always taken for granted – it is truly world-class learning.

Excellent Support and Guidance

You will enjoy full support throughout your studies with module tutors to guide, advise and offer comprehensive feedback on your course work. Support is offered by MTA staff and fellow students at tutorials, or as part of the global community of students who can be reached through online student forums and social media sites.

International Recognition

Our long established distance learning courses are endorsed by industry associations and our Diplomas are also recognised by the University of Portsmouth.

Course Director

Ian Biles

**Managing Director at
Maritime Services International**

Ian has led the MSI Group to become one of the world's leading surveying and training companies.

Ian's qualifications include: Master Mariner, RYA Yachtmaster Ocean, Naval Architect (BEng Ship Science) and Business Management (MA Business Management).

Practically, Ian has worked on the building of Moss Rosenberg gas tankers for Mitsui (Northwest Sandpiper) and Mitsubishi (Northwest Stormpetrel) in Japan, and was part of a multi-disciplinary team which undertook the life extension of the Technigaz Methania.

LNG Shipping

Our Diploma in LNG Shipping allows you to develop specialist knowledge and enhance your career opportunities.

About the Course

This course is unique to the LNG Shipping Transportation Industry. It covers all the theoretical and practical aspects of the IMO LNG Training requirements and much more. There is a 25% growth of LNG Carriers as the demand for LNG as a clean fuel continues to grow. There is a desperate worldwide shortage of trained technical personnel to man ships and their support network ashore. The course will help debunk the safety fears that some have, and will assist those who wish to enter a very lucrative and rewarding career in the LNG Industry.

Detailed information on module content is available at maritimetrainingacademy.com

Course Structure

The course consists of 13 modules. All students are required to successfully complete and pass the module assignments. Diploma students will also be required to sit and pass a final examination.

Who is the Course Suitable for?

The course is a very useful learning tool for all those who wish to enter the LNG Shipping Transportation Industry. It will also serve to fill in the gaps of knowledge and give a better grounding to those professionals already in the Industry (Captains, Engineers, Navigators, Superintendents, Shipping Company Technical Staff, Ship Inspectors, Flag Administrations, Ship Yards, Repair Yards, Suppliers, Educators, Trainers and Manufacturers).

How to Enrol

Register as early as you can for the start of the course on 1st April. The registration period will be kept open until 30th September. Students can start from the point of their enrolment at any time between these dates.

Complete the application form and send with your payment to enrol for the course to: MTA, Peel House, Upper South View, Farnham, Surrey, GU9 7JN, England.

Commencement Date

1st April 2025

Duration

Maximum of 18 months from the course start date.

Course Completion Dates

April 2026 and October 2026

Examinations for Diploma Students

Students have two dates to choose from.

Dates: April 2026 or October 2026

Venue: UK

Overseas students: For overseas diploma students unable to attend our UK examination centre, alternative arrangements can be made to sit the exam in their country of residence. Any additional fees involved will be the students responsibility.

On passing the Diploma you will receive this badge:

Please use on your business cards, LinkedIn profiles and any other personal marketing material. You can also use these letters after your name: MTA Dip LNG Ship

Course Fees

Diploma - £2,950.00

This covers the 13 modules as PDFs, student assignment marking, examination costs and the issuing of a Diploma.

Online Examination - £100

If students choose to sit their final examination online instead of at an approved venue they will need either a laptop or desktop computer with reliable, fixed line internet connection, working microphone and camera.

Certificate - £2,150.00

This includes the 13 modules as PDFs and marking of the student assignments.

Individual Modules

£250 - Module content only.

£400 - Module content, assessment and certification.

Printed Certificate - £50

“ I have been in the LNG / Gas business for 20 years and I found the MTA course content exceptionally helpful and relevant as it pertains to my current role as Cheniere Marine Coordinator. It also served to refresh my past experience onboard LNG carriers as Chief Mate and Master. ”

Thomas Laird – Marine Coordinator – Cheniere

Course Syllabus*

LNG Shipping

- » **Introduction to Liquefied Natural Gas Carriers**
 - What is LNG?
 - Properties of Methane and LNG
 - World Energy Demand
 - History of LNG Shipping
 - LNG Ships
 - Materials and Strength of Ships
 - Gas Carrier Rules and Regulations
 - Liquefied Gas Carriers
 - LNG as a Marine fuel
- » **International Code for the Construction and Equipment of Ships Carrying Liquefied Gases In Bulk (IGC Code)**
 - Brief Description of International Maritime Organization (IMO)
 - The IGC Code
 - Gas, LNG Properties and Definitions
 - Ship Survival Capability
 - Ship Arrangements for LNG Ships
- » **LNG Carrier Design and Construction**
 - LNG Carrier Design Factors
 - LNG Carrier Market Supply
 - Hull Form Selection
 - LNG Containment Selection
 - Boil Off Gas Handling
 - LNG Carrier Propulsion Selection
- » **LNG Containment Systems**
 - LNG Containment Systems
 - GTT Mark III LNG Tank Systems
 - GTT NO96 LNG Tank System
 - Moss Spherical Tanks
 - IHI SPB Tanks
 - Other LNG Containment Designs
- » **Carrier Propulsion Systems**
 - Factors For Choosing Propulsion Plant for LNG Carriers
 - Steam Turbine Propulsion Plant
 - Ultra High Pressure and Temperature Turbines
 - Dual Fuel Diesel Electric
 - MEGI (Two-stroke) and Four-stroke DF Man Engines
 - COGES Plant (Combined Gas Turbine Electric and Steam)
 - Other alternative Propulsion Systems
- » **LNG Cargo Operations**
 - Ship/Shore Compatability
 - Mooring And Fendering Installations
 - Cargo Operation Procedures
 - Ship/Shore Emergency Shutdown Systems
- » **Custody Transfer**
 - What is Custody Transfer?
 - Measurement Operations
 - Automation, Safety and Control Systems
 - High Voltage Electric Plant on LNG Ships

» **LNG Accidents**

- Physical Hazards of LNG
- Human Factor Issues in the Marine Industry
- LNG Accidents
- Guidance on Risk Analysis and Safety on LNG Spills
- Mitigation of Risk

» **LNG Ship Management**

- Ship Management System Requirements
- Training and Certification of Seafarers
- International Safety Management (ISM) Code
- The Maritime Labour Convention 2006
- Duties of a Ship Superintendent

» **Flag and Port State Control Inspections**

- Port State Control
- Regions and Cooperation Between Port States
- Port State Control Inspections
- Deficiencies and Detentions
- Commercial Implications of Port State Detentions
- Maritime Labour Convention

» **LNG Ship Inspections**

- Annual Surveys
- Surveys During Construction of LNG Ships
- Surveys After Construction of LNG Ships
- SIRE Inspections
- Buyers' Inspections

» **Firefighting on LNG Ships**

- General Discussion on Fire Safety
- Sources of Ignition
- Fire Suppression
- Fire Control Plans

» **Classification Societies and LNG Ships**

- Definition of Classification Society
- History of Classification Societies
- International Association of Classification Societies
- American Bureau of Shipping (ABS)
- Lloyd's Register (LR)
- Indian Register of Shipping (IRS)
- Periodical Surveys of Cargo Installations on LNG Ships
- Current Status of LNG Carriers

Short Courses

Terms and Conditions

The Course

Teaching Method: Our courses are delivered by distance learning, unless otherwise stated.

Course Duration: Commencing April 2025 you have a maximum of 18 months from the course start date to complete the modules and sit the exam.

Course Material

Course Language: Our courses are conducted entirely in English, in verbal and written format.

Delivery of Modules: Available online via your secure student login.

Every effort will be made by the organisers to upload the modules monthly but due to unforeseen circumstances they cannot be held liable for any delays.

Presentation: The modules provide the basic knowledge for the whole course. Each module is designed to be self-contained. However, we highly recommend that candidates make every effort to increase their knowledge by reference to other sources.

Recommended Reading: A reading list will be provided where applicable.

Access: You agree not to access the Course Material for any reason other than for your personal use and solely for the purpose of study. You agree not to distribute any part or parts of the Course Material in any medium without MTA's prior written authorisation.

Access to the course material will be given on receipt of payment. Any outstanding fees will also become payable on accessing the material.

Student Assignments

Student Assignments: One included with each module. They are a compulsory element of the course and must be completed six weeks prior to the exam.

Self-Assessed Questions: Some modules contain self-assessment questions designed to help candidates consolidate their knowledge.

Studying Time: We recommend 10 to 30 hours study time per module, with additional time being set aside for completing the student assignments.

Tutor Support

Tutorials: Students can choose to participate in a tutorial which will be held before the Diploma exam in **April 2026** and **October 2026**. It is not compulsory but is beneficial and an excellent opportunity to meet fellow students, the Course Director, authors and tutors.

Tutors and Authors: To support you during your studies, tutors and authors are available to help with any questions or technical queries by e-mail and student forums.

Administration

For matters relating to enrolment, payment of fees, change of enrolment details, module mailings, please contact the Course Manager:

Tel: **+44 (0)1252 739779**

E-mail: **courses@maritimetrainingacademy.com**

Examination

Examinations will be held in **April 2026** and **October 2026**.

A 6 month extension is also available upon application.

Exam Length: Three hour written or online examination. All exams are Closed Book.

Sitting Overseas: Students must make their own arrangements to sit their examination at a suitable venue approved by the Course Administration Office at least 6 weeks prior to their examination date. Any expenses incurred will be to the students own account.

Alternatively students can sit the examination online instead of at an approved venue. They will need either a laptop or desktop computer with reliable, fixed line internet connection, working microphone and camera.

Certificate: Students who successfully complete the compulsory student assignments, but do not take the examination, will receive a certificate if they successfully achieve the required grades to pass.

The Marking Structure

Assignments: Constitute 27% of the final mark.

Examination: Constitutes 73% of the final mark.

Pass Mark: For the Diploma written examination is 75%. For the student assignments a minimum mark of 40% is required.

Course Fees

Certificate Fee: The basic course fee is **£2,150.00**. This includes the course modules as PDFs and marking of the student assignments.

Diploma Fee: For Diploma candidates the fee is **£2,950.00**. This covers the course modules as PDFs, student assignment marking, examination costs and the issuing of a Diploma.

Online Examination: For a fee of **£100.00** Diploma students can choose to sit their final examination online instead of at an approved venue.

Printed Certificate: On successfully completing the course students will receive their Certificate via email. A printed Certificate can be posted for a fee of **£50.00**.

Printed Modules Fee: In addition to the course PDFs, we also offer students the option of purchasing the modules in a hard copy format. Please note, this option is NOT mandatory in order to complete the course. The printed modules option is charged at an additional fee of **£300**.

Air Courier Fee: For an additional fee of **£300**. Recommended for candidates in areas experiencing problems with their postal system. Other overseas mail will be sent by airmail only.

Extension Fee: If you are unable to complete the course in the 18 months allocated from the start date, you can apply for a further 6 month extension for **£250**.

Reregistration Fee: We offer reregistration onto the course for lapsed students at 50% of the course costs. You will have the opportunity to resubmit any student assignments or carry any existing marks forward into the new academic year to be counted towards your final exam results.

Resit exams: You are entitled to resit your exam once at a fee of **£250**.

Not included in the fees: Any travel or food costs or accommodation if required. Any expenses which may be incurred in arranging a suitable examination venue.

Discounts: Available for group registrations. Please contact MTA for details. Tel: + **44 (0)1252 739779** or **courses@maritimetrainingacademy.com**

VAT: Will be added at the standard UK rate where applicable. Please contact us for details.

Reclaiming VAT: Companies outside the UK may be entitled to reclaim VAT and need to contact their local tax authorities.

Payment Plan

Please contact us to discuss if the course fees can be split into smaller instalments.

Payment Methods

Payment: Payment must be made upon application by bank transfer or credit card. Fees will be refunded in full should applications be declined.

Bank Transfer: MPI Group bank account, National Westminster Bank, 19 Shaftsbury Avenue, London, W1A 4QQ, UK

Account Number: **06532381**
Sort Code: **56-00-29**

Credit Card: Payment can be made securely via the Sagepay link on the invoice or we can arrange for our accounts team to call to take payment by card.

Cancellation Policy

Cancellations can only be made in writing before the start date of the course. Course fees less an administrative charge of £500 will be refunded. After the start of a course the student becomes liable for all course fees due.

Course content is subject to change at the discretion of the Course Director.

Data Protection

We record your personal information when you contact us and use this to manage registration, study, examination and other services. When you register, we will tell you more about how we process and use your personal information.
