Turn to the Distance Learning Experts

Why choose Maritime Training Academy?

The Distance Learning Experts

Since its formation Maritime Training Academy has been successfully providing specialist, expert training to marine professionals around the globe.

In recent years the Academy has significantly grown, offering an ever expanding training portfolio across several sectors of the maritime industry, from Superyachts to Shipping and Marine Surveying.

Delivered by distance learning our courses are managed and run by established professionals within the maritime industry. We are constantly pushing back the boundaries of knowledge with discoveries that are benefiting the industry.

Due to our rigorous academic standards our qualifications are highly respected internationally.

Outstanding Teaching

Our study material is written by industry experts who are actively working in their specialist fields. We provide outstanding teaching as a result of extensive research and close links within the maritime industry. Our tutors are practising professionals with strong academic and industry backgrounds, with sector-specific skills and practical experience.

World Class Learning

The inspiring thing about studying with us is not just what you learn but how you learn. We have taken flexible learning to a whole new level. We will connect you with the things that inspire you, wherever you are and wherever you come from. Providing high quality distance learning enables you to learn in your own time, at home, on board or wherever you choose. We are not campus based – reading material is supplied for assignments with regular support from your tutor. We will challenge you, inspire you, stretch your understanding and make you question ideas that you have always taken for granted – it is truly world class learning.

Excellent Support and Guidance

You will enjoy full support throughout your studies with module tutors to guide, advise and offer comprehensive feedback on your course work. Support is offered by MTA staff and fellow students at tutorials, or as part of the global community of students who can be reached through online student forums and social media sites.

International Recognition

Our long established distance learning courses are endorsed by industry associations and our Diplomas are also recognised by the University of Portsmouth.

Course Director

Russell Stockil

Director of Yacht Management at Yachtzoo

Russell has worked in the yachting industry for 30 years (12 aboard and 18 ashore) and has a wealth of experience of both onboard and onshore management. He is a fully qualified Captain and Marine Surveyor, as well as a member of the Nautical Institute and has been responsible for the creation and support of a viable and profitable yacht management model, with full visibility at operational and strategic level to grow a yachting fleet tenfold over a period of 14 years.

During this time Russell has overseen the Compliance, Quality Assurance, Risk Management, Analytics and Training within a team of 50+ persons and 90+ yachts as well as completing over 200 onboard audits and technical inspections on yachts ranging from 35 to 135 metres in length.

Superyacht Management

Our Superyacht Management Diploma has been specifically developed for yacht management professionals looking to increase their expertise and excel in their career.

About the Course

As a progression from our successful Diploma in Superyacht Operations, the Diploma in Superyacht Management has been developed. This course is specifically designed to cover the specialist knowledge required by those currently working in or making the transition to, the yacht management sector or its divisions. This course will teach you the essential elements of yacht management on a day to day basis. With this Diploma you will develop your knowledge of the superyacht industry from a yacht management perspective, enabling you to fulfil your job role to its maximum potential with greatest efficiency.

Module subjects include ownership structures, personnel, logistics and safety management along with other essentials such as technical management, insurance, budgeting and charter management.

Course Structure

The course consists of 12 modules. All students are required to successfully complete and pass the module assignments. Diploma students will also be required to sit and pass a final examination.

Who is the Course Suitable for?

Studying the Diploma in Superyacht Management is particularly aimed at yacht managers, technical managers, charter managers, DPA's and also captains and senior crew looking to make the transition to a shore based support role.

How to Enrol

Short Courses

Terms and Conditions

The Course

Teaching Method: Our courses are delivered by distance learning, unless otherwise stated.

Course Duration: Students will have a maximum of 18 months from the course start date to complete the modules and sit the exam.

Course Material

Course Language: Our courses are conducted entirely in English, in verbal and written format.

Delivery of Modules: Available online via your secure student login.

Every effort will be made by the organisers to upload the modules monthly but they cannot be held liable for any delays resulting from unforeseen circumstances.

Presentation: The modules provide the basic knowledge for the whole course. Each module is designed to be self-contained. However, we highly recommend that candidates make every effort to increase their knowledge by reference to other sources.

Recommended Reading: A reading list will be provided where applicable.

Access: You agree not to access the Course Material for any reason other than for your personal use and solely for the purpose of study. You agree not to distribute any part or parts of the Course Material in any medium without MTA's prior written authorisation.

Access to the course material will be given on receipt of payment. Any outstanding fees will also become payable on accessing the material.

Student Assignments

Student Assignments: One included with each module. They are a compulsory element of the course and they must all be completed at least six weeks before the date of the final examination.

Self-Assessed Questions: Some modules contain self-assessment questions designed to help candidates consolidate their knowledge.

Studying Time: We recommend 10 to 30 hours study time per module, with additional time being set aside for completing the student assignments.

Tutor Support

Tutorials: Students can choose to participate in a tutorial which will be held before the Diploma exams in **April** and **October**. Although this is not compulsory, many previous students have found the tutorials beneficial and an excellent opportunity to meet fellow students, the Course Director, authors and tutors.

Tutors and Authors: To support you during your studies, tutors and authors are available to help with any questions or technical queries by email and student forums.

Administration

For matters relating to enrolment, payment of fees, change of enrolment details, module mailings, please contact the Course Manager:

Tel: **+44 (0)1252 739779**
